## MELAZA CON MUCK

*Pedro Andrés + Jorge Nájera*

ZAPOPAN, JALISCO

MOLASSES RUM

The product of two first-generation distillers with a knack for experimentation and new flavors, Melaza con Muck is the debut of this mark from Saturnal distillery.

Inspired by the funky flavors of high ester Caribbean rums, Pedro Andrés and Jorge Nájera created their own recipe of muck and fermented it for 15 days with high grade molasses. They distilled the fermented mash in a copper hybrid still.

### TASTING NOTES

*The nose is rich with chocolate, strawberry candy, and overripe bananas. On the palate there's mild roast coffee, brûléed bananas, and salty strawberry gum.*
